Capo 2nd position

Intro: C  G  F  C  F  C  G

C          G    F           C
 Honey, I know you've been alone some,
F              C           G
 Why don't you 'phone some, 'cause I love you.
C             G    F          C
 An' honey, I know I've been away some,
F             C             G
 I've had to pay some and  you have too.

Chorus:
F                  C                F
 But the one thing I know: that when I, I
              C
turn out the li___ght,
F            C    E                  Am
 Visions of you, dear, dance in the night.
G          C        G
I've been put down, pushed around,
F              C
apprehended and led downtown.
    F                       C
An' I can't help it if I'm out of sight,
            G              C     G F C F C G
'Cause I'm   rest____less tonight.

F             G            C
 I just can't stand bein' alone.
F               G                  C
 Gonna have to change that some day.
F               G              C     CM9
Get a restless feelin' in my bones an' I
F
know,
        C                          G
That at times, it just won't go away.

C                   G
So if it's all the same, honey,
  F                C
I can't take the blame, baby,
  F                     C
I can't play your game, honey,
G
  what's true is true.
C                G            F
 And if, in the end, the temptation wears you
C
thin, honey,
      F             C               G
I'll, I'll just pretend that I'll leave it up to you.

Chorus:
F                  C                F
 But the one thing I know: that when I, I
              C
turn out the li___ght,
F            C    E                  Am
 Visions of you, dear, dance in the night.
G          C        G
I've been put down, pushed around,
F              C
apprehended and led downtown.
F                      C
```

```
Can't help it if I'm full of fire.
Chorus:
F                    C                F
 But the one thing I know: that when I, I
              C
turn out the li___ght,
F           C    E                  Am
 Visions of you, dear, dance in the night.
G          C         G
I've been put down, pushed around,
F                C
apprehended and led downtown.
    F                        C
An' I can't help it if I'm out of sight,
             G              C    G F C F C G C
'Cause I'm   rest____less tonight.
