

FOOLISH MAN  
(David Crosby)

I feel like a child  
Feel as if I might have grown up wild  
And I feel like a fool  
Feel as if I didn't do well at school  
And I keep expecting things that don't happen  
Should but they don't  
Could but they won't  
And I don't see  
No I don't see  
Just don't understand  
I must be such a foolish man  
And I would laugh. If I could laugh  
But it's so damn close to the bone  
Would make you feel alone  
And time just flies  
Yes it does  
Seems like fortunes moment  
Passes  
Blind to delight  
And free from the weight of masses  
But I keep expecting, things that don't happen  
Should but they don't  
Could but they won't  
And I don't see  
No I don't see  
I just don't understand  
I must be such a Foolish Man
