

## **After All These Years**

**D** **G**  
My darling come to me, sit you down easily,  
**A** **D** **G** **A**  
And rest a while near the soft fire light, is the night,  
**D** **G**  
But warm is my heart with pride, having you by my side,  
**A** **D**  
Your still my guiding light, after all these years,

**G** **D**  
Your soft assuring ways, the rock I lean on,  
**E** **E7** **G** **A7**  
Saw me through my darkest days when all hope had gone,,,  
**D** **G** **Em**  
Your still the only one, I'll ever hold near,  
**A** **D**  
And I love you after all these years

Time from me passes on, and I'm growing old,  
A lifetime nearly gone, I cannot unfold nights dark and cold.  
But warm is your hand in mine, feeble with ageless time,  
The light of love still shines, after all these years.

(Chorus):

Your soft assuring ways, the rock I lean on,  
Saw me through my darkest day when all hope had gone,  
Your still the only one I ever hold near,  
And I love you after all these years
