

## Completely Out of Love

written and recorded by Marty Robbins

C F C  
 We could always find tomorrow when a problem came our way  
 We could reach back in a storehouse full of love  
 Now we can't find tomorrow or run back to yesterday  
 'Cause this time we've run completely out of love

F C  
 This time there's no tomorrow oh we've told them all goodbye  
 We buried them in this hole we both dug  
 And we can't retrace our footsteps yesterday has lost its light  
 And this time we've run completely out of love

F C  
 This time we found a mountain neither one of us can cross  
 And a valley where the sun don't ever shine  
 And this time we just can't make it all the love we had is lost  
 And we've run completely out of love this time

F C  
 This time we found a mountain neither one of us can cross  
 And a valley where the sun don't ever shine  
 And this time we just can't make it all the love we had is lost  
 And we've run completely out of love this time  
 And we've run completely out of love this time
