

March Down To Jordan

March Down to Jordan

You gotta march down, march down / You gotta march down to Jordan / Hallelujah / You
gotta march down, march down / You gotta march down to Jordan / Hallelujah

Where are you goin' my sisters? / Where are you goin' now? / Oh well we're goin' on down
to the river Jordan / Gonna wash our sins away

Have you heard of-a that city / They say it's built four square / He said He wanted you
people
/ To meet Him over there
